

**Thorndown Pre-School**

# Data Retention Schedule

Our aspiration is that Thorndown Primary will be an outstanding school.

We value and respect everyone in our community and work as a team to:

- Provide learning experiences which support and inspire high achievement for all;
- Ensure a caring, safe and welcoming environment;
- Promote co-operative and responsible attitudes to make a positive contribution;
- Actively encourage independence and confidence to thrive in a changing world.

**Approved at Personnel committee meeting on: 14<sup>th</sup> January 2021**

**Review Period: 2 years**

**Date for next review: Spring 2023**

## Introduction

Thorndown Primary School recognises that the efficient management of its records is necessary to comply with its legal and regulatory obligations and to contribute to the effective overall management of the school. This document provides the policy framework through which this effective management can be achieved and audited and is in line with the General Data protection Regulations and follows guidance from the Records management Society.

## Scope of the Policy

This policy applies to all records created, received or maintained by staff of the school in the course of carrying out their functions.

- Records are defined as all those documents which facilitate the business carried out by the school and which are thereafter retained (for a set period) to provide evidence of its transactions or activities. These records may be created, received or maintained in hard copy or electronically.
- A small percentage of the school's records will be selected for permanent preservation as part of the institution's archives and for historical research and this would include images..

## Responsibilities

- The school has a corporate responsibility to maintain its records and record keeping systems in accordance with the regulatory environment. The Headteacher / Chair of Governors has overall responsibility for keeping in line with this schedule..
- The person responsible for records management in the school will give guidance for good records management practice and will promote compliance with this policy so that information will be retrieved easily, appropriately and timely.
- Individual staff and employees must ensure that records for which they are responsible are secure, accurate, and are maintained and disposed of in accordance with the School's records management guidelines.

## Relationship with Existing Policies

This policy has been drawn up within the context of:

- the Freedom of Information Policy
- Confidentiality Policy
- the Data Protection Policy and Associated Policies
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the school.

## Safe Disposal of Records

All records identified for disposal and containing personal information, or sensitive policy information, should be shredded before disposal using a cross cut shredder if paper based or otherwise deleted from electronic systems.

Prior to bulk disposal members of staff should record at least:

- File reference (or other unique identifier).
- File title (or brief description) and number of files.
- The name of the authorising officer and the date action taken.

Records of what has been destroyed or deleted should be kept in an Excel spreadsheet or similar suitable format and kept securely and indefinitely.

## School Closures

Should Thorndown Primary school close (cease to exist) there will be records which will need to be stored until they work out their statutory retention periods.

It is the responsibility of the Local Authority, to manage these records until they have reached the end of their administrative life and to arrange for their disposal when appropriate. There may be a number of different reasons why a school has closed and this may affect where the records need to be stored.

- If a school has been closed and the site is being sold or reallocated to other use then the school should take responsibility for the records from the date the school closes.

## Retention Guidelines

The following retention guidelines have been issued by the Management Society of Great Britain 'Retention Guidelines for Schools'. Some of the retention periods are governed by statute. Others are guidelines following best practice. Every effort has been made to ensure that these retention periods are compliant with the requirements of the GDPR 2018 and the Data protection Bill. Managing record series using these retention guidelines will be deemed to be 'normal processing' under the legislation mentioned above. If record series are to be kept for longer or shorter periods than laid out in this document the reasons for this need to be documented.

## Review

This schedule will be reviewed annually to ensure it reflects the current retention requirements of the school and additional categories will be added or amended according to law or best practice.

The next review will be Autumn Term 2019

<b>Members/ Directors/ Trustees/ Governors</b>					
<b>Basic file description</b>	<b>Data Protection Issues</b>	<b>Statutory Provisions</b>	<b>Retention Period</b>	<b>Action at the end of the administrative life of the record</b>
