Next week in Reception
9.05.2022

Dear Parents/Carers,

This week we will be continuing our theme of Conservation by looking recycling. We will be learning about where our household rubbish goes and focusing specifically on recycling.

Phonics– In phonics we will be recapping the digraph: qu, ch, sh and th. We will be reading words and sentences with these sounds and writing words and sentences too. We will be learning the new tricky word 'all' as well as revisiting the sounds and tricky words that we have learnt so far.

Maths – In maths this week we will be looking at spatial reasoning through positional language. For example, the bear is in front ; behind or next to the box. We will also be looking at the composition of 5.

Home – At home you and your child could sort the recycling. Perhaps they might like to make a model from the recycling materials? You could have a treasure hunt using positional language; look behind the table or in front of the sofa.

Please could we ask for some small plastic bottles for our topic of recycling this week; thank you.

During this term we will be rotating going to Forest School on a Monday or Tuesday.

If you have any queries or concerns then please come and speak to us.

Best Wishes,
The Foundation Stage Team
