

## Other Important Things

### The Play

In Summer Term, Year 6 participate in a theatre production which always involves lots of singing, dancing and acting. This is always a fantastic opportunity to show off some of the talents we don't always see in the daily classroom.

### All About Year 6!

Year 6 can be a hard year, especially with SATs, but we promise you will be incredibly well prepared for whatever challenges you are faced with.

Although Year 6 can be tough, it can also be incredibly fun too! At Thorndown, we always want to celebrate the time you have spent with us before you head out to your new adventure. We celebrate you and all of your achievements through:

- SATs Breakfast every day during SATs week - we open the school doors early (just for you!) and your teachers and teaching assistants prepare a healthy breakfast for you. This means you can come and relax with your friends and chat to your teachers about any worries you have.
- SATs celebration morning - once SATs are over, we like you to celebrate with your friends and teachers at Hill Rise Park.
- Transition Visits **to** St. Ivo – during Summer term, there are lots of opportunities for you to visit your secondary school. As most of you will go to St. Ivo, we spend lots of time visiting the school and helping you to become familiar with the different departments (e.g. The Resource Library).
- Transition Visits **from** St. Ivo – as well as us visiting St. Ivo, some of the teachers you will encounter during your time there come to visit you. This gives you chance to get to know the teachers and also let's them get to know you more.
- Year 6 Leaver's Assembly – bring the tissues to this one because you (or your parent/carer) will probably cry! This is where we celebrate you and your time at Thorndown. We also award our Head Boy and Head Girl to the boy and girl we think has made a difference during their time with us.
- Pizza & Waterfight – at the very end of the year, we celebrate all you have achieved with a fun-filled waterfight on the school field followed by pizza kindly paid for by FOTS.
- Final Celebration Day – this usually falls on the final day of the school year where all of Year 6 go on a trip together to feel proud of all of the hard work that has taken place in Primary School, to mark the end of an era and to celebrate new beginnings!
