

Children have a choice and are asked to complete at least ONE task. In class we will be having a 'show and tell' session to celebrate the children's homework. If you have any questions please speak to your class teacher.

Thorndown Primary School

Year ONE Homework Choices

We have been learning about St. Ives. We have learnt about the features and special places of our community.

Can you design your own town? Build it using lego or junk modelling, or draw it using pencils.

Bring in the plan or a photo to share.

In Science we have been learning about plants. We can see plants in local parks and nature reserves.

Can you visit a park?

Can you identify any of the flowers or plants that you can see?

We have been learning about addition and subtraction as part of our work on number.

Can you create a shopping list for a picnic?

How much will each item cost? Can you think about how much your picnic will cost altogether?

You could even create your own word problems for others to solve.

Throughout the year we have been working on reading aloud.

One of the Year One objectives is to perform a poem.

Can you learn a rhyme or poem to perform to your class?

You could even add actions to bring it to life.

Last half term we looked at maps of St Ives.

Look closely at a map to find your house.

Can you find:

- your street?
- a family member's house?
- your favourite place to play?

Don't forget!

Spellings — Please choose 5 words from the common exception words to practise each week. These will be given to you by your class teacher.

Reading - Please read to a grown up at least 4 times a week.

Skoolbo - Please spend 10 minutes each week completing games on Skoolbo.

Date Given: Friday 9th June 2017

Date Due: Monday 17th July

30 minutes maximum to spend on a task
